- ✓ Reduces Cleanup Time
- ✓ Leaves No Residue
- ✓ Biodegradable
- ✓ Kind to Hands
- ✓ Won't Make Your Tools Slippery
- ✓ Saves Time & Reduces Effort
- ✓ Use With Glass Gleam-4 for Sparkling Clean Windows

This professional glide additive puts an end to hardwater drag issues. Glass Gleam-Glide™ is easy to use, just add to your bucket. The recommended ratio is 1/10th of an ounce per gallon, but you can add more or less depending on your preference. Whether you're fanning or pressing, this additive will eliminate drag and chatter. Makes your squeegee glide over the glass without effort. Saves you time on the job and won't make your tools or hands slippery. Easy measure squeeze dispensing bottle means you get the dilution right every time and never waste a drop.
